

ACTION® PRODUCTS FOR ORTHOPEDICS

Meet 2010 AORN Best Practices for Patient Positioning

Action® brand OR products meet all the product selection criteria for bed mattresses and positioning equipment established by 2008 AORN Recommended Practices. In fact, studies referenced by the Guidelines state:

"Use of a dry viscoelastic polymer pad intraoperatively reduced the probability of pressure sore development by half" ¹

"Viscoelastic overlays are effective for preventing both skin changes and pressure sore formation" ²

Our original Akton® viscoelastic polymer pads brought Body Smart® solutions to the surgical forefront. Our reusable products revolutionized pressure injury prevention and continue to be the **Gold Standard** for quality, affordability and durability worldwide.

Select at least one product from each of the following categories to protect the critical high pressure point areas most common for positions of this specialty. Many other products are available to complement and enhance those displayed here.

¹Nixon J, McElvenny D, Mason S, Brown J, Bond S. A sequential randomised controlled trial comparing a dry visco-elastic polymer pad and standard operating procedure bed mattress in the prevention of postoperative pressure sores. *Int J Nurs Stud.* 1998; 35:193-203.

²Recommended practices for positioning the patient in the perioperative practice setting. In: *Standards, Recommended Practices and Guidelines.* Denver, CO: AORN, Inc. 2008:497-520.

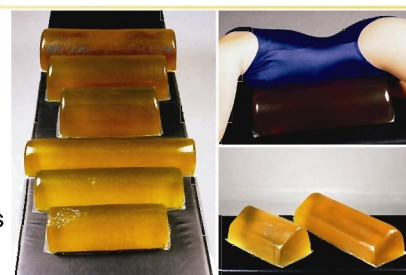

ACTION® SPECIALTY FRAME PADS

- McGuire, Relton, CHOP, Kambin, Wilson, Andrews and Montreal frame pad sets are all stock items
- Custom mfg. available for any specialty frame
- Simplify frame preparation with reusable padding
- Maximize pressure & shear protection in vulnerable bony prominence areas

ACTION® CHEST ROLLS

- Multiple styles: rounded or contoured
- Adult & Pediatric sizes
- Suitable for the obese & bariatric patient
- Sizes range 6" x 2" to 20" x 6" in several heights
- Flat bottom maximizes stability, no rolling
- Reliable, no bottoming out

ACTION® HEAD PADS

- All styles: donut, horseshoe, prone, lateral
- Multiple sizes in all styles
- Multiple heights available
- Easy access for anesthesiologists
- Custom sizes and configurations an option

ACTION® ARM AND LATERAL POSITIONERS

- Flat, contoured, composite and wrap-around styles
- Multiple styles available for all body sizes
- Protect biceps, elbows, forearms
- Help protect sensitive nerve areas
