For Immediate Release:

Action Products announces Senior Industrial Engineer, Steve Robinson

Hagerstown, MD, USA, April 21, 2015: Action Products, Inc., Medical Products Group is proud to announce the addition of J. Steve Robinson as Senior Industrial Engineer. Steve is a seasoned process engineer hired to troubleshoot floor issues and assist with new product development efforts. “Steve was the perfect candidate because of his strong continuous improvement activities in a wide range of industries, as well as his project management skill set,” says Heather Nicholas, Director of Manufacturing.

Prior to Action, Robinson improved manufacturing processes for Carmeuse Lime and Stone, Chem-Pak, Hedwin Corporation and others. Steve has a Masters in Chemical Engineering from Louisiana State University. He resides in Charles Town, WV with his wife and two dogs. He has two grown daughters and enjoys biking and kayaking.

About Action Product, Inc.

Action Products, Inc. is the manufacturer of pressure relieving support surfaces, using Akton[®] polymer, to prevent pressure ulcers. As a pioneer in the gel positioning category, Action[®] products have many pressure and shear reducing qualities. Action remains the leader in the industry due to its independent clinical studies proving its effectiveness, and its continuing support of pressure ulcer prevention education.
