Making a *Material* Difference®

Leading the industry in advanced polymer technology for over 35 years, Action® products offer simple, effective solutions for your skin protection challenges. Our proprietary AKTON® polymer relieves pressure, reduces shear forces, manages heat & humidity build-up and is 100% hassle-free. Its unique chemical structure means you don't have to worry about leaks, cuts, punctures, oozing, deflating or bottoming out. Enjoy peace of mind knowing this ultrasoft polymer provides comfortable, full-memory support that's proven clinically effective and long-lasting durability that is simple and affordable.
