

Making a Material Difference®

# Surgical Table Pads with Unique infection control design.

- Clinically engineered infection control
- Pressure management performance
- Affordable options for your O.R.

## Our Infection Control Design Makes a Difference

- Bacteria/Microbe resistant fabric
- Midline seams avoid pooling liquids
- Fluid/waterproof, welded seams
- 100% no-stitch construction
- 100% no-stitch hook and loop attachment
- Proprietary hidden vent system minimizes cross contamination

Durable, welded midline seam and proprietary hidden vent structure enhances infection control and extends pad life.

## A Variety of Table Pad Options
